

TUESDAY AFTERNOON CLUB CHAIRMEN ARE CHOSEN

Heads Of Committees Are Appointed And Also New Officers Installed

Some very important work was transacted at yesterday's session of the Tuesday Afternoon club, which met for the last time this season at the Masonic Temple. This included the appointment of chairmen of departments and installation of officers.

The chairmen appointed by Mrs. C. E. Hutchinson, president of the Tuesday Afternoon club, included the following:

Mrs. Mabel Franklin Ocker, chairman of the program committee. Mrs. Ocker served last year as secretary of the program committee.

Mrs. R. D. Angelica, chairman of the decorating committee. Mrs. Angelica served with Mrs. Jones on the decorating committee during the past year.

Mrs. A. M. Williams, newly-elected first vice-president, chairman of ways and means.

Mrs. C. H. Temple, past chairman of ways and means, chairman of courtesy committee.

Chairman of Hospitality

Mrs. L. W. Sinclair will succeed herself as chairman of the hospitality committee.

Mrs. Stephen Packer, chairman of the calling committee.

Mrs. J. G. Huntley, chairman of the remembrance committee.

Mrs. Arthur Cross, chairman of philanthropy.

Mrs. C. S. Archer will succeed herself as chairman of local relief.

Mrs. C. E. Norton, chairman of civics.

Dr. Caroline Paine Jackman, chairman of auditing committee.

Mrs. Alex Mitchell, federation secretary.

Mrs. W. L. Andrews, general curator.

Mrs. W. W. McElroy will succeed herself as custodian of club property.

Mrs. E. Leavitt, historian.

Mrs. John Robert White will succeed herself as parliamentary.

Mrs. E. D. Yard, chairman of juvenile protective association committee.

Mrs. Frank Ayars, chairman of reciprocity committee.

Mrs. L. N. Hagood, accompanist.

Mrs. E. S. McKee, chairman of membership committee.

Mrs. C. L. Canfield, chairman of publicity committee.

Miss Ida Myers, chairman of patriotism.

Mrs. Colin Cable, chairman in charge of section programs.

New Officers Installed

New officers for the coming year were installed by Mrs. John C. Urquhart, president of the district, as follows:

Mrs. A. M. Hunt, treasurer. "As treasurer you occupy no mean position in this club. We know that nothing can be done without money. We Americans are trying not to glorify money, but still have hard-headed business sense to know that unless we have a good treasurer administering our funds we cannot be successful. I am very glad to ask you to continue your office as treasurer."

Mrs. Mabel L. Rudy, corresponding secretary. "You stand as corresponding secretary in very close position, not only to the club, but to the president. You, too, have proven yourself worthy of the position. To you falls the work of sending out correspondence telling the world not only of the work of this club, but also of this community."

Mrs. O. O. Clark, recording secretary. "You are undertaking the

Heavy Storm Is Sweeping Over Texas Gulf Coast

HOUSTON, Texas, June 22.—Raging winds and sheets of rain swept the Texas gulf coast today, tearing trees from their roots and doing extensive property damage. The gale, whose maximum velocity was seventy-five miles an hour, swept northward from the mouth of the Rio Grande. The howling storm, bringing with it a rapidly rising tide, was first reported from Brownsville after radio messages from the sea warned gulf coast inhabitants of danger. The gale swept the Uadre and Brazos islands, off shore, and hundreds of vacationists fled to the mainland for safety. Flood warnings were given to people who live in the lowlands of Galveston where the United States weather service reported a six foot rise in the tide. The city is nine feet above the low tide level and no extra precautions were taken within the sea wall proper. Water, however, falling in sheets drenched the island city. Many ships off the gulf coast were at the mercy of the battering winds, it was feared.

Firm Tone Is Displayed On New York Exchange

NEW YORK, June 22.—The stock market showed a firm tone throughout the list at the opening today. United States Steel opened up 1/2 at 72 1/2 and Canadian Pacific at 10 3/4 was up 3/4. American Sugar, loaning at a premium, was up 3-8 at 71 1/2. In response to Detroit advices indicating many motor companies are increasing their production, Studebaker gained a full point at 73 1/2. General Electric was up 1/4 at 126 1/2, about 5 points above the week's low. United Fruit made an early high of 102. Other opening quotations included: Mexican Petroleum, 108 1/2, up 1/4; General Electric, 126 1/2, up 1/4; Corn Products, 62, unchanged; Bethlehem B, 47 3-8, up 1/8; Asphalt, 48 1/2, up 1/4; Baldwin, 65 1/2, up 3/4; Texas Company, 30 1/4, up 1/8; Crucible, 55, off 1/2; Pan American, 46, up 1/2; Southern Pacific, 70 1/2, up 1/2; Sinclair, 20 3-8, up 1/2; American Woolen, 67 1/4, up 1/2; Pennsylvania, 32 1/2, off 1/4.

King George Makes Appeal For Peace In Ireland

BELFAST, June 22.—King George appealed for "peace in Ireland" in opening the first home rule parliament here today. "The English speaking world is anxious for a settlement in Ireland," he declared in his opening speech. "I pray that my coming to Ireland is the first step toward peace. I appeal to all Irishmen to forget and forgive. I hope there will be a ceremony similar to this in the south of Ireland." Advancing from a temporary throne on a rostrum in the city hall, the king read his speech calling the first Irish parliament into session. Ulster was thus formally invested with home rule. The king and Queen Mary were given an almost frantic welcome by enthusiastic orangemen. They crossed from England on the Royal yacht Victoria and Albert which anchored overnight in Belfast Lough. A large naval escort surrounded the little vessel as it crossed the channel.

Admiral Sims Arrives In Port; No Demonstration

NEW YORK, June 22.—Admiral William S. Sims came home today to the tune of "the wearing of the green." As the liner Olympic swung into her pier with the admiral aboard, a little steamer slipped past her stern down the North river with a band lustily blowing that famous Irish air. Admiral Sims landed from the liner at 10:15 a. m. The expected demonstration at the White Star pier by Irish sympathizers who intended to show their disapproval of the admiral's "jackass speech" in London failed to materialize—partly because of the presence of a thousand policemen and partly because of the expedition with which Sims was whisked to a hotel in an automobile. Sims was the first passenger down the gangplank, he and Mrs. Sims stepping ashore at 10:15 a. m.

House Cleaning In Chicago Pit Is Now Under Way

CHICAGO, June 22.—Joseph Griffith, president of the Chicago board of trade, started a "house cleaning" in the "pit" today. It was announced that those features of the "pit," which have been scored by those seeking remedial legislation, will be eliminated: Manipulation of the market, either upward or downward. Operations tending to have an undue influence on prices. Trading in futures for set periods. Griffith announced strict censorship of market news would be established and those who circulated misleading reports tending to influence the market would be punished. The practices to be remedied are those hit in legislation pending in congress and the state legislature at Springfield.

May Use Airplanes To Solve Mystery Of Lost Ships

WASHINGTON, June 22.—Efforts to solve the mystery of the "vanishing ships" today were centered on efforts to find the sea marauders who are believed to have boarded the schooner Carrol A. Deering, and made prisoners of her crew. Airplanes may be called upon to solve the mystery of the "vanished fleet." Officials of the department of commerce today were considering asking the army or navy for planes to patrol the little frequented stretches of coast near Cape Hatteras for some trace of the merchant vessels which have mysteriously vanished there. Meanwhile coast guard vessels were slipping in and out of coves and inlets near the cape in hope of picking up some clew—a bit of wreckage or a note which might have been left by some of the crews of the vanished vessels.

Government Ownership Is Predicted To Senators

WASHINGTON, June 22.—Inevitable government ownership unless "effective railroad organization is consummated to introduce economies" was predicted by S. Davies Warfield before the senate interstate commerce committee today. Warfield, president of the National Association of Railroad Security Owners, was a witness in the committee's railroad inquiry.

America Winner Of International Polo Contest

HURLINGHAM, England, June 22.—America won back the international polo cup by defeating the English team in the second game of the international tournament here this afternoon. The score was 10 to 6. By winning the first game with a record score of 11 to 4 and defeating the cup holders in the second battle, the series is ended, a third game not being necessary under the cup rules. The cup was taken away from America in 1914.

HART REALTY CO.
are the boys and their address is 120 North Brand Glendale 2269-J

WE HAVE REACHED THE STAGE where words fail to express the beauty and possibilities that certain place on North Brand offers for a permanent home.

The spacious grounds of over two acres are covered with every known variety of fruit, besides a gorgeous assortment of valuable tropical foliage and shrubs. There is nothing like this place anywhere in Glendale, and few its equal in Hollywood.

The spacious eight room house is all that could be expected "and then some." Servant quarters, garage, poultry houses and barn go to make for one of the most complete show places in Southern California, and the owner, who is in New York, has certainly misjudged values here when he instructs us to sell for \$20,000, some terms. This place is going to sell and it will not take long to move it at this price.

Shown by appointment only at reasonable hours. See Mr. Hart or Mr. Ellis at 120 North Brand.

FOR SALE—Don't overlook that modern seven room home, full sized lot; \$5000, \$1000 down, easy terms. Lee & Guy Thomas, 314 South Brand

Firm Grasp On Hawaii Being Taken By Japs

WASHINGTON, D. C.—Japanese
aggressiveness in Hawaii has about
reached a point where drastic action
must be taken by the government.
The labor shortage in the islands
also has become critical.

This announcement was made by
a prominent official whose observa-
tions are based on a first hand in-
vestigation. The situation is summed
up:

"Every year the acreage of rice
and sugar in Hawaii decreases. It
now is but half what it was a few
years ago and every year the Japa-
nese secure a tighter grip upon every
resource of the island.

"Forty-six per cent of the Hawa-
ian population is now Japanese.
When they enter a new territory
they work for anything and give
good service until they have driven
out all other elements of population.

"The Japanese conform to regula-
tions in sending their children to
American schools, but for two hours
before and two hours after attending
the American schools they attend a
Japanese school. Fifteen thousand
children of Hawaiian Japanese have
been sent to Japan for higher edu-
cation. They live and work in a
purely racial atmosphere.

"We want no more Japanese or
Chinese in Hawaii. The only way to
save Hawaii for the United States is
to import American laborers and to
guarantee them an American stand-
ard of living."

Local Option Project Sought In Switzerland

GENEVA—Various Swiss societies
connected with the campaign against
alcohol have started a movement
throughout the country for amend-
ing the Federal Constitution with a
view to authorizing cantons and
communes to prohibit the manufac-
ture and the sale of distilled drinks.
Up to the present, various localities,
where the majority was in favor of
stopping the liquor trade, have been
prevented by the constitution from
carrying out their desire. Popular
referenda in about eighty different
localities have shown that the pro-
posed measure, which is known as
"local option," meets with general
favor.

The supporters of "local option"
announce that the restrictions in
view only concern strong liquors and
not fermented drinks such as wine,
beer or cider.

"MUSSEL MUD" DEPOSITS

Along the shores of Prince Ed-
ward Island are found extensive de-
posits of mussel mud, so called lo-
cally, being organic remains of
countless generations of oysters,
mussels, clams and other shell fish.
The shells, usually more or less in-
tact, are found embedded in dense
deposits of a mud-like substance, and
this combination is a fertilizer of
high value and potency. It supplies
lime and organic matter, besides
small quantities of phosphates and
alkalis. An ordinary dressing of it
has a marked beneficial effect on
poor and exhausted soils. The shells
decay slowly year by year, throwing
off deposits around Prince Edward
Island varying from five to twenty-
five feet in depth. They are taken
up by dredging machines, worked
from rafts in summer or from the
ice in winter.

They are making shoes out of rat
skins now, but banana skins still
make the best slippers.

SOVIET SYSTEM IN U. S. NOT SOUGHT BY SOCIALISTS

Party Prefers To Win Out At Polls, Is Statement Of National Officer

DETROIT, Mich.—"The socialist
party is opposed to the formation of
a soviet government in the United
States."

Otto Branstetter, national secre-
tary of the party, made this state-
ment as the socialist national con-
vention opened here.
The socialists plan, said Branstetter,
to capture the government at the
polls after workers have been edu-
cated to the socialist point of view.
"The soviet system is opposed to
the experience, ideals and aspira-
tions of the American workers and
will not be acceptable to them," he
said. "The socialist party proposes
a system of government, combining
industrial and geographical repre-
sentation, under which all of the
legislative officials and many of the
higher administrative officials shall
be elected directly by the workers."

Fight Is Expected

It is expected that a fight against
the communist party of America will
be waged on the floor of the conven-
tion.

According to one resolution which
will be introduced, members of the
socialist party who also belong to
the communist party will be expelled
unless the latter stops its campaign
of inducing socialists to change col-
ors and join them.

Leaders in the convention frown
upon the calling of frequent strikes.
Political strikes, they said, called for
trivial reasons, are foredoomed to
failure and will result in discredit-
ing the powerful weapon and in the
weakening and possible destruction
of the organizations involved.

Here Is Its Hope

This, according to Branstetter, is
the way the socialist party hopes to
gain control in America:

"The socialist party declares its
intention to win a majority of the
people to an acceptance of our pro-
gram at least to the extent that they
agree to our control and willingly
submit to our leadership; that when
we have and because we have such
a majority, we are justified in carry-
ing out our program, over the pro-
test and against the opposition of the
minority."

Resolutions calling for the release
of Eugene V. Debs and other political
prisoners will be passed, Branstetter
stated.

Discussions as to the relationship
that should exist between American
socialists and those of Europe will be
held.

Glendale Couple Are Back From Convention

Mr. and Mrs. A. H. Montgomery
of 415 South Central avenue re-
turned Monday from a ten days' trip
to San Francisco, where Mr. Mont-
gomery attended a shoe convention.
Mrs. Montgomery had the distinction
of being invited to be toastmistress
to give greetings from the ladies who
attended the convention for the won-
derful good time accorded them.
Mrs. Montgomery also gave several
readings at the big dinner given at
the Palace hotel.

PEDDLERS FORCED OUT

Notices have been served on ped-
dlers using Broadway and Brand
boulevard for the purpose of con-
ducting automobile vegetable and
fruit stands that they must desist or
otherwise have their license revoked
by the board of trustees.

SLIGHT DAMAGE BY FIRE

Workmen extinguished a fire Sat-
urday which threatened to destroy
one of the houses being built by S.
N. Dutcher on Lorrain street. Some
damage was done to the woodwork
near the fireplace.

Exclusive Gun Club Of Local Residents Is Being Organized

What promises to be an exclusive
gun club composed principally of
Glendale residents is now in the pro-
cess of organization. It will have its
preserve at Kellerman lake, a part
of the Sespe Light & Power corpo-
ration's plan for developing electrical
energy from the Sespe and Piru
rivers.

The local club, which has Oliver O.
Clark, Dr. T. C. Young, Blake Frank-
lin, Roy L. Kent, A. L. Baird, H. G.
MacBain, W. W. Worley, Dr. Frank
Staley, Harry Hall and others as
members, will adjoin the preserve of
the Campfire club which is being or-
ganized in Los Angeles by Bernal H.
Dyas. The latter have taken Buren
lake of the Sespe system of storage
reservoirs.

According to one of the members,
Attorney Clark has investigated the
proposition and the contract with the
Sespe people is now before the state
railroad commission for approval.
For an investment of \$50,000 in the
stock of the power company, the 100
club members will be given the use
of the lake for fifty years, also the
road which will be built to the Camp-
fire club.

Kellerman reservoir will be 3.1
miles long which is larger than Little
Bear lake in the San Bernardino
mountains where many Glendale
people now go for hunting and fish-
ing. It is located in the Piru moun-
tains sixty-four miles from here and
accessible by a good road with a 6
per cent grade, which is to be built
by the power company.

H. W. Yarik of this city is sec-
retary for the Sespe Light & Power
company and has been interested in
seeing that Glendale sportsmen ob-
tained a fine preserve if present
plans are carried out.

Going away for the summer?

Spending a few weeks in the country, or at the sea-
shore? Leaving town for a while?

Before storing your personal things and household
linen you'll want them freshly laundered. If soiled
things are stored away, they rapidly deteriorate.
This is especially true of garments that have been
exposed to perspiration.

Send us your personal apparel and household linen.
We will wash and iron for you and send everything
back fresh and clean, and ready for storing before
you leave.

CLUB CHAIRMEN
ARE CHOSEN

(Continued from Page 1.)

hard task of being the recording an-
gel of the club. This requires con-
scientious work, a great deal of
which is done behind closed doors,
when no one else knows you are
working. I know that you will do
yourself great credit, and that at the
end of the year the club members
will say that they have chosen an
admirable and loving angel."

Must Try to Please

Mrs. Mabel Franklin Ocker, second
vice-president. "As second vice-
president you will handle the pro-
gram work. What could be a more
important position than trying to
please this great body of women?
Knowing of your work in the past,
the club will be more than happy in
knowing they had the best programs
they ever had."

Mrs. A. M. Williams, first vice-
president. "A new vice-president,
but not a new officer. She has
proven her worth to the club, and in
taking care of the ways and means
I feel that you have another very im-
portant work to fulfill and feel sure
that you, too, will discharge these
duties with credit to yourself and to
the club. Always remember that you
are next to the president and to as-
sist her in the smallest and in the
greatest work to be done."

Mrs. E. W. W. Hayward, Mrs. O.
E. Von Oven, Mrs. A. P. Findlay and
Miss Eva Daniels, new directors.
"The affairs of the club are just as
largely in your hands as in the elect-
ed officers." I know that you will
not go through the year without
some differences of opinion. It is in
differences that we get greatest
harmony."

Tried, Found Not Wanting

Mrs. C. E. Hutchinson, president.
"You are to continue with a woman
in the highest capacity of your club.
A woman who has been tried and not
found wanting. Your president con-
tinues for another year, and while
she did not deem it worth while to
bring the gavel so that I might place
it in her hand as a symbol of power,
I do take great pleasure in greeting
Mrs. Hutchinson as the president of
the Tuesday Afternoon club for the
coming year."

"Continue the wise, gentle, just,
loving administration that you have
had during the past year and I know
that your year will be crowned with
success for you all."

Mrs. Hutchinson responded to this
glowing tribute with a very modest
speech. Before adjourning the club
for the year she expressed thanks for
the efficient work done during the
year by Mrs. W. N. Stamps as re-
cording secretary.

Clara Kimball Young
In 'Hush' At Glendale
Theatre Today Only

Dramatic suspense, alluring ro-
mance and red blooded action to set
the pulses throbbing and tug at the
heart strings are some of the prom-
ises made for "Hush." Clara Kim-
ball Young's latest photo-drama,
which comes to the Glendale Theatre
today only. Add to these a wealth
of scenic investiture and lavishness
and the incomparable histrionic ab-
ility of Miss Young, and you have all
the elements that go to make the su-
per-production.

"Hush" was written by Sada
Cowan and is a fascinating story of
American romance. Vera is the wife
of Jack Stanford, an adoring lover
who has not permitted the conven-
tion of matrimony to lessen his un-
bounded affection for her. On the
night of their first wedding anni-
versary Vera seems troubled. Jack
importunes her to tell him what it is,
and imploringly assures her that no
matter what might have happened
before their marriage nothing could
dampen his ardor. And then she
confesses that there had been an-
other man. "Anything but that I
could forgive," he tells her. And
from that moment on things occur
which make this one of the most in-
tensely dramatic and absorbing film
stories ever produced.

You ask: "In the end is there a
reconciliation?" It would spoil the
play to reveal more of its plot.

Other worthwhile attractions will
round out the program—one of the
best photoplay bills presented here.
Tomorrow "What's Your Reputation
Worth" is the feature.

Sign On Boy's Back

"What Do You Think I Am?"
This was the sign hung on

night.

On his back a similar placard
read:
"I Am the Biggest Fool in
Town."

At Pope & Tollet's, where he
ordered a quart of ice water, he
was mistaken for a newlywed.

But such was not the case.
He was one of two boys being
initiated into a Pasadena frater-
nity.

The other spent his time

Speaks About Music
Mrs. Mattison B. Jones, president
of the Glendale Music club, was the
next speaker. The theme of her
topic was "Music and Better Citizen-
ship."

"The chief aim of the federation
of music," Mrs. Jones stated, "is to
make America the music center of
the world. When we do that we are
doing a great piece of Americaniza-
tion work. It seems strange that
music, the oldest of all arts, is the
last to be seriously developed. Music
might be considered a barometer of
progress in the national, state and
community affairs."

"The public must be educated to
appreciate good music by American
artists and to assist these musicians.
People must realize that music is a
business and a civic asset."

Mrs. Jones also urged the support
of all the clubs in helping to get a
national conservatory of music es-
tablished in Washington.

Report of Treasurer

As yesterday was the final meeting
of the club season the report of the
treasurer, Mrs. A. M. Hunt, was
called for. This showed that the
club had the following assets:

Cash on hand	\$ 665.60
Liberty bonds	2,300.00
Time deposits	2,500.00
Three lots at Brand and Lexington, conservative esti- mate of value	20,000.00
Total	\$25,465.60

Mrs. C. E. Hutchinson extended
her personal thanks to Mrs. W. E.
Evans for her untiring efforts on be-
half of the club year with the pro-
grams. Mrs. Hutchinson also spoke
very highly of Mrs. C. H. Temple,
who, according to the constitution of
the club, retired this year from the
board of directors. Chairmen of de-
partments and curators of sections
were also complimented for their
splendid work during the year.

Program Is Pleasing

After the installation of officers
the following program was given:

"Star" (Rogers); "Do Not Go, My
Love" (Hageman); "A Little Bit of
Honey," by Esther Loomis, lyric so-
prano; Mrs. H. R. Boyer, accompa-
niste.

Reading—"Transients in Area-
dia" (O. Henry), Miss Ann L. Gon-
nerman.

"Gavotte de Manon" (Massenet),
"Bon Jour Ma Belle" (Behrend), Es-
ther Loomis, accompanied at the
piano by Mrs. H. R. Boyer.

"The Highwayman" (Alfred
Noyes), Miss Ann L. Gonnemann.
"Voi-La-Sapete" (Mascagni), by
Miss Loomis, accompanied by Mrs.
Boyer.

ing the convention, held a rehearsal
last evening under the direction of
Mrs. Fannie Marple Retts, chairman
of the music committee. A final re-
hearsal will be held tomorrow night

When It Was Started

The Christian Endeavor Union
represents the most phenomenal and
rapid growth in the annals of relig-
ious movements. Starting at the Con-
gregational church in the small vil-
lage of Williston, Maine, in 1881,
when the Rev. Francis E. Clark sig-
ned up 21 members, this society is
now the largest organization of
young people in the world. Prior
to this time there had been no orga-
nization where the young people of
the various churches could get to-
gether in religious and social con-
ference. The purpose of this organiza-
tion, as outlined by Dr. Clark, was
to form an organization for the pro-
motion of Christian fellowship, so-
cial life and charity and good will.

A rapid growth followed through-
out the United States and Europe,
until today the Christian Endeavor
is represented in all of the evangeli-
cal denominations of the world, with
a membership of over 4,000,000.
Eighteen denominations are repre-
sented in the union, and the first 7,
placed in accordance with their nu-
merical strength, are as follows:
Presbyterian, Christian, Congrega-
tional, Baptists, Brethren, United
Presbyterians and Friends.

First California Union

The first California Union was or-
ganized in Oakland in 1887, and at
present has a membership of over
42,000, with 1500 Young People's,
Intermediate and Junior societies,
representing 18 denominations.
The California Union leads the
world in the number of Quiet
Hour comrades, Tenth Legion mem-
bers and Intermediate societies. The
California Union is an organization
existing wholly within and a part of
the churches, interdenominational in
character, state-wide in its scope,
and commissioned to seek out, train
and inspire young people. With the
exception of the two field secretar-
ies, all of the officers serve entirely
without pay.

Recognizing the tremendous value
of such an organization to the moral,
social and economic welfare of the
country, many of the state's most
prominent and able citizens have in-
terested themselves in this move-
ment. Among California's most no-
ted men who have worked with the
Christian Endeavor, are: Judge
Curtis D. Wilbur of Los Angeles,
prominent attorney, and at present a
member of the State Supreme court;
Peter Clarke McFarlane of Los An-
geles, internationally known as a
writer of fiction; Giles Kellogg of
Los Angeles, secretary of the Union Oil
company, who was formerly state
president, and last but not least, our
own Howard L. Brown, a former
state president.

THE GOOD GOVERNMENT LEAGUE

To offset any misconception that might arise in the minds of our voting citi-
zens, wishes to make clear just how the League's candidates stand on a sub-
ject that has caused a debate in the minds of many of our citizens, and there-
fore submits the following:

"We, the undersigned, candidates endorsed by the Good Government League
of Glendale for City Councilmen, do hereby state that should we, one or all,
be elected to the office we seek, we will not, during the term of our office, be
party to the introduction or enactment of any ordinance establishing public

To the Chief of Police:

People of this town have threatened to call in the police to solve the mystery of the unsigned newspaper ads (similar in appearance to this), in which citizens have been warned that they would be forced to pay "hush" money within the next few days. We can't hold out any longer. The pressure is getting too strong. We'll confess. The money mentioned as "hush" money will be paid for admissions to see Clara Kimball Young in her latest and greatest photo drama—

"HUSH"

from the pen of the gifted author, Sada Cowan, also author of that sensational success, "Why Change Your Wife?" "HUSH" is charming, refreshing, vivid, dramatic, intense—the de luxe of the fine pictures that Glendale will see this season—and is dedicated to all women who talk too much. "HUSH" will be presented at the GLENDAL THEATRE WEDNESDAY AND THURSDAY, JUNE 22-23. "The Committee of Ten."

YOUNG PEOPLE OF GLENDAL GIVE AID TO BIG CONVENTION

List of Members of Various Societies Taking Part in Receiving Christian Endeavor Hosts

Word was received this morning at the C. E. headquarters that the substantial prize offered by the Los Angeles County Union of the Christian Endeavor for the first district to reach its full registration quota for the coming convention had been won by the senior B class of the First Presbyterian church of Glendale.

Much of the credit for Glendale's victory is given to Miss Marie Maier, 668 North Adams street, registration chairman of the winning class.

The following is a list of the various Christian Endeavor classes and other young people's societies in Glendale which have been actively engaged in assisting in the preparations for the coming convention.

ORDINANCE NO. 449

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDAL CALLING A SPECIAL ELECTION TO BE HELD IN SAID CITY ON THE 28TH DAY OF JUNE, 1921, AND SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY TWO SEVERAL PROPOSITIONS OF INCURRING AN INDEBTEDNESS FOR THE ACQUISITION, CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS OF SAID CITY AND PROVIDING FOR THE ISSUANCE OF BONDS THEREFOR.

Whereas, The Board of Trustees of the City of Glendale at its adjourned regular meeting held on the 6th day of June, 1921, by vote of two-thirds of all its members, duly passed and adopted resolutions determining that the public interest and necessity demand the acquisition, construction, and completion by

said City of Glendale of those two certain municipal improvements hereinafter in this Ordinance described, and that the estimated cost of each of said municipal improvements is as hereinafter stated, and is, and will be, too great to be paid out of the ordinary annual income and revenue of said City.

Now, Therefore, The Board of Trustees of the City of Glendale do ordain as follows:

Section 1. That a special election be held, and the same is hereby called to be held, in the City of Glendale on the 28th day of June, 1921, for the purpose of submitting to the qualified voters of said City two several propositions of incurring an indebtedness and issuing bonds of said City therefor in the amounts and for the purposes set forth in said resolutions and as hereinafter stated.

Section 2. The first proposition of incurring an indebtedness to be submitted at said election shall be as follows:

The objects and purposes for which said indebtedness is proposed to be incurred and bonds issued therefor are as follows: The acquisition of land and the construction and completion thereon of municipal buildings for the purpose of storing materials, supplies, vehicles and equipment owned by the City of Glendale; and the estimated cost of said improvement is the sum of \$26,000.00. That the amount of the principal of said indebtedness to be incurred therefor is the sum of \$26,000.00, and that the maximum rate of interest to be paid on such indebtedness shall be six per cent per annum, payable semi-annually, which rate shall not be exceeded in the issuance of bonds for such indebtedness. Said first proposition of incurring indebtedness shall be designated on the ballots used at said election by the following question, to-wit:

"Shall the City of Glendale incur a bonded debt of \$26,000.00 for the purpose of acquiring land and constructing and completing thereon municipal buildings for the purpose of storing materials, supplies, vehicles and equipment owned by the City of Glendale?"

That if the said first proposition for incurring indebtedness so submitted at said election receives the requisite number of votes, to-wit, two-thirds of the votes of the qualified voters voting at such election, bonds of said City in the amount of \$26,000.00 shall be issued and sold for the purpose of acquiring, constructing and completing said municipal improvement. Both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness.

Section 3. The second proposition of incurring an indebtedness to be submitted at said election shall be as follows:

The objects and purposes for which said indebtedness is proposed to be incurred and bonds issued therefor are as follows: The acquisition of land and the improvement of the same for public park purposes, including the construction thereon of a public swimming pool and appurtenances; and the estimated cost of said improvement is the sum of \$22,000.00. That the

amount of the principal of said indebtedness to be incurred therefor is the sum of \$22,000.00, and that the maximum rate of interest to be paid on such indebtedness shall be six per cent per annum, payable semi-annually, which rate shall not be exceeded in the issuance of bonds for such indebtedness. Said second proposition of incurring indebtedness shall be designated on the ballots used at said election by the following question, to-wit:

"Shall the City of Glendale incur a bonded debt of \$22,000.00 for the purpose of acquiring land and improving the same for public park purposes, including the construction thereon of a public swimming pool and appurtenances?"

That if said second proposition for incurring indebtedness so submitted at said election receives the requisite number of votes, to-wit, two-thirds of the votes of the qualified voters voting at such election, bonds of said City in the amount of \$22,000.00 shall be issued and sold for the purpose of acquiring, constructing and completing said municipal improvement. Both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness.

Section 4. That the election hereby called shall be, and the same is hereby consolidated with the general municipal election to be held in the City of Glendale on the 28th day of June, 1921, and heretofore called and ordered by the Board of Trustees of the City of Glendale to be held on said date by Ordinance No. 446, entitled "An Ordinance ordering the holding of a general municipal election on Tuesday, June 28, 1921, in the City of Glendale for the purpose of electing officers of said City, and providing for the participation of qualified electors of the Glendale City School District residing in territory outside of the City of Glendale in the election of members of the Board of Education," passed May 25, 1921. That the election hereby ordered to be held for the purposes aforesaid, and shall be the same as those set forth in said Ordinance No. 446 for all precincts in the City of Glendale.

Section 5. The polls for said election shall be opened at six o'clock of the morning of the day of election, and shall be kept open until seven o'clock of the afternoon of the same day, when the polls shall be closed, except and provided, however, that if at the said hour for closing the polls there are any voters in the polling place, or in the line at the door thereof, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote, but no one who shall arrive at the polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives.

Section 6. That on the ballots to

be used at said general municipal election in addition to the other matters required by law, there shall be printed the following:

Shall the City of Glendale incur a bonded debt of \$26,000.00 for the purpose of acquiring land and constructing and completing thereon municipal buildings for the purpose of storing materials, supplies, vehicles and equipment owned by the City of Glendale?	Yes	No
---	-----	----

Shall the City of Glendale incur a bonded debt of \$22,000.00 for the purpose of acquiring land and improving the same for public park purposes, including the construction thereon of a public swimming pool and appurtenances?	Yes	No
--	-----	----

Section 7. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes" opposite any question or proposition his vote shall be counted in favor of the adoption of such question or proposition; if he shall stamp a cross (X) after the printed word "No" opposite any question or proposition his vote shall be counted against the adoption of the same.

Section 8. That in all particulars not recited in this Ordinance, said election shall be held as provided by law for the holding of municipal elections in said City.

Section 9. The City Clerk shall certify to the passage and adoption of this Ordinance by a vote of two-thirds of all the members of the Board of Trustees of said City, and its approval by the President of said Board of said City, and shall cause the same to be published once a day for at least seven days in the Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale, and no other notice of said election need be given. This Ordinance shall take effect upon its passage.

Adopted and approved this 16th day of June, 1921.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk of the City of Glendale.

A good piano is an inspiration to the pupil and a constant help and incentive to perfection. Aside from the pride of ownership that goes with the possession of a Knabe piano are the years of absolute service and the deep appreciation of its marvelous tonal qualities. Still the Knabe may be had on very convenient payments within the reach of all.

Glendale Better Council Campaign Committee

Recommends to the Voters

Anderson, Davis, Kimlin, Mabry, Robinson

For the City Council.

The Only Independent Candidates

Announcement—Mr. Deal of the Telephone Company has called upon us to say that he is not a member of the Good Government League. We take pleasure in announcing that our specific reference was not to Mr. Deal, but to Mr. Dru Nicoles, who is the "wire chief" of the Telephone Trust. We do not know whether Mr. Dru Nicoles is the political wire chief or the structural wire chief of this concern.

We also omitted to announce that the "outside superintendent of the Gas Company is acting as "financial secretary of the so-called Good Government League.

Fellow Citizens—Do you think that a City Council chosen by these public service corporation men will protect you against **exorbitant gas rates?** Will they protect you against **exorbitant telephone rates?** Will they protect you against **exorbitant railroad rates?** Stephenson and Lapham would give them a good working majority.

Fellow Citizens—Do you want Glendale to be as dead as Pomona? Keep the city clean, but not fanatical. Vote against the so-called Municipal League Ticket.

Glendale Better Council Campaign

By Order of Executive Committee of One Hundred.

A. A. MACDONALD, President, 104 North Brand.

STUART M. STREET, Secy., Phone 2205-W

The Glendale Better Council Campaign Committee Recommends the Following Candidates:

WILLIAM E. ANDERSON

410 West Los Feliz; age 50 years; resided in Glendale 15 years; garage and auto service business; a substantial, conservative, successful business man and a large taxpayer; he will be interested in economy and efficiency; he is a practical mechanical engineer and his knowledge as such will be of great service to the city; he will bring to the Board a long and successful business experience—a quality now needed in our city government.

S. A. DAVIS

118 West Colorado; age 46 years; resided in Glendale 9 years; real estate and investment business; formerly in feed and fuel business. He has had an active, honorable and successful business career in our midst and he is a man of sane, independent judgment; he is prepared to give a great deal of his time and attention to the city's affairs.

C. E. KIMLIN

219 North Isabel; age 40 years; resided in Glendale 8 years; he is business manager of our most famous institution, the Glendale Sanitarium and Hospital, known the country over. He is a man of great popularity because of his great ability and never failing courtesy. He has had twenty years of active and successful business experience; he has been actively interested in civic betterment and humanitarian movements.

WILLIAM C. MABRY

115 East Acacia Avenue; age 49 years; resided in Glendale approximately 9 years; after his graduation from medical college he served his country in four campaigns: Spanish-American War; Chinese Boxer Expedition; Philippine Insurrection and the World-War; throughout many years of army service and in civil life he has continuously occupied administrative and executive positions of great responsibility. During his residence in this city he was city health officer of Tropic during three administrations and was, for three or four years, president of the Tropic Chamber of Commerce; he also served as superintendent of the Play Grounds association and installed the Tropic playgrounds; he has been closely identified with every public improvement, including the paving and lighting of Brand boulevard and the acquisition of the water system; Dr. Mabry is a highly educated man and has had unusual training and experience in the field of sanitation, as this was one of his special duties during the many years he served in the army. His special knowledge and experience in the field of sanitation alone will not only protect the health of the city of Glendale in the event of the improvement of our water supply and the installation of a sewage disposal plant, but will save the taxpayers thousands if not hundreds of thousands of dollars. Dr. Mabry is a specialist and is not engaged in general practice; as a physician he thoroughly believes in medical freedom under the law; that is, he believes in the right of any individual to choose any method of healing he may desire; during the last nineteen months he has been in the service as Acting Assistant Surgeon, U. S. Public Health Service, in care of disabled veterans of the World War; all of the disabled veterans under his charge at Thornycroft warmly commend him.

SPENCER ROBINSON

1234 East Windsor Road; age 52 years; resided in Glendale 14 years; real estate business; he is a substantial business man having considerable property in Glendale and his course as city trustee has met with the approval of the city of Glendale; he is in position to give his time and attention to the city's interests.

CLEAR OUT OF BUSINESS

Numerous suggestions are being made for keeping people from attending improper movies. Our town idea is to recommend the picture as clean and moral, teaching a decidedly elevating and needful lesson.

The department of justice does not appear to be anxious to bring back "Big Bill Haywood," fugitive I. W. W. leader. It was broadly hinted that this government would not be greatly disturbed if Haywood remained in Russia forever.

Good Words Club Is Formed For Children

A group of children were called together yesterday afternoon at the home of Mrs. Gilchrist, 230 West Colorado street, and a "Good Words Club" was organized, the following children being chosen officers: Helen Page, president; Dorothy Page, vice-president; Evelyn Townsend, secretary; Dicky Merrick, treasurer; Kathryn Stanley, corresponding secretary.

The slogan of this club is "Hear no evil; see no evil; speak no evil." The pledge of the club is to guard against conversation of gossip, anxieties, foolishness, impurities, untruthfulness, crime, fear, nagging, complaining, sickness and poverty, and turn these to words of trust, wisdom, goodness, health, prosperity, praise, joy and good-will, and to help others speak only good, true words.

Meetings of the club will be held every Monday afternoon at 230 West Colorado street, and an invitation has been extended all interested to attend.

Knife Lost For Half Century Is Recovered

SAN JOSE—Patience and a good memory returned A. F. Harlow, San Jose pioneer, a pocket knife which he lost fifty-three years ago.

The old Arguello place, a remnant of the pioneer days, is being torn down. Harlow watched the wreckers until they arrived at a certain point. Then he stepped forward, reached in between the walls of one of the rooms, and removed the knife which he had lost while working on the house in 1868.

Harlow has always told his friends that he would recover the knife some day, and he has made good his prediction. Although a bit rusty the knife is still in good condition.

Says High-Heel Laws Should Be Resisted

SAN FRANCISCO—State and other legislation against high heels and novelty footwear should be resisted in the interests of the factory workers and the public at large, A. Katcinski, president of the California Retail Shoe Dealers' association said in his annual address to the association convention. He characterized the high-heel laws as freak legislation.

No hope can be held out for lower shoe prices during the remainder of 1921, he said, as overhead and labor costs show no signs of declining.

Thirty-Six Guests At Wedding Anniversary

Mr. and Mrs. A. E. Eckleberger of 376 West California avenue entertained a group of thirty-six guests last night in celebration of their fifteenth wedding anniversary. Dilemmas of the evening included games, music, a mimic wedding performed by Rev. C. R. Norton, and a general social time. At the close of the evening's festivities delicious refreshments were served. Beautiful floral decorations of yellow and orange were used. The guests departed at a late hour, all assuring the host and hostess of a most enjoyable time.

Those present included Mr. and Mrs. M. R. Whitehead and daughter Helen of Los Angeles, Mr. and Mrs. C. L. Poyser of Huntington Park, Mr. and Mrs. E. J. Baldwin and daughters Fern and Ruth, Mr. and Mrs. P. T. Oppenheimer and son Junior of Sherman, Reverend and Mrs. C. R. Norton, Mr. and Mrs. T. A. Wright and son Walter, Mr. and Mrs. J. B. Turner, Mr. and Mrs. C. H. Hachmahalch, Mr. and Mrs. Charles Starkey, Mr. and Mrs. Earl Starkey, Mr. and Mrs. Frank Mathisen, Mr. and Mrs. Bert Mathisen, Mr. and Mrs. E. Wolber, Mr. and Mrs. F. W. Kille, Mr. and Mrs. Wm. Knox, Rev. and Mrs. J. A. Jennings of Azusa, Mrs. Marx and son Jack of Pasadena, Mr. and Mrs. Frank Lightfoot of Fullerton and the host and hostess.

Miss Mabel Taylor Is Visiting With Cousin

Miss Mabel Taylor, instructor in Spanish at Baylor university, Waco, Texas, is a guest at the home of her cousin, Mrs. Allie Anderson of 1125 East California avenue. She formerly resided in Bahia, Brazil, and is the daughter of Mr. and Mrs. Z. C. Taylor, widely-known missionaries in South America for many years.

Both Miss Taylor's parents and a sister were lost in the Corpus Christi flood one year ago.

Mrs. H. E. Van Housen Departs For Catalina

Mrs. H. E. Van Housen of 1320 North Maryland avenue, accompanied by Miss Thode of Rawlins, Wyo., and Miss Doty of Los Angeles, left yesterday morning for Avalon, Catalina Island, where they will spend a week.

EASY

If we should get into any jam with England we can send Mr. Harding over to settle it by playing a golf match with Lloyd George.

In the matter of publicity it is estimated that Mr. Stillman got just a trifle less than did the great war.

Veteran Of Civil War Is Sued For Divorce

BEATRICE, Neb.—The divorce suit of Alonzo Deputy of this city against Margaret Deputy of Des Moines was tried in district court here recently. The couple were married in Missouri forty-four years ago.

The plaintiff is a veteran of the civil war. The defendant, in her testimony, alleged that she had not lived peacefully with her husband for more than fifty years and that he had deserted her four years ago, her first knowledge of his whereabouts being from the government when she applied for a pension. The couple are the parents of several grown children. The case was taken under advisement by Judge Colby.

NEW USE FOR FATHER

Mother (to son, who has brought home a barometer)—What's that for?

Son—Oh, it's a great idea, mother. Tells you when it's going to rain.

Mother—What's the use of wasting money on that when Providence has given your father rheumatism?

One of the best ways to find out what you could do, and to do it, is to learn the things you can't do, and then stop wasting time on them.

Long Skirts Decried By French Dressmakers

PARIS—The fact that French dressmakers have decreed long skirts became known at Chantilly race track when Rue de la Paix establishments sent mannequins wearing dresses ankle length, although a week previously robes reached midway between the knee and ankle. American women present declared the long skirts a marked triumph for the American style makers.

Although the mannequins wore light, bright colored gowns, the chic French women maintained their black, monkey fur or fringe-trimmed dresses, the only bit of color being violet hats.

Observers remarked that not a single straw hat was worn by the smart women, although in February, nearly every one wore straw.

The leading haberdashers also complain that men are not wearing straw hats this year, many of the best dressed men sticking to their Alpine hats.

France's share of the two million dollars bequeathed to France and Belgium by a citizen of Grove City, Pennsylvania, is to be used in caring for sick children in the war-devastated regions.

Grim Jest At Expense Of Japanese Statesman

TOKIO—Viscount Mayeda and Viscount Aoki, both very prominent members of the house of peers, were considerably surprised, as were their friends, when they received elaborate mourning cards announcing their death. The cards were gotten up in the usual formal style employed on such occasions, chief mourners, among them Premier Hara, were named, and everything was in regular shape except for the fact that the persons whose deaths were announced were entirely ignorant of their decease.

The authorities in Japan do not take jokes of this kind, however, and after a searching investigation it was found that the perpetrators of the hoax were members of a political organization of radical young men. The wish was father to the thought. Several of them have been arrested and prosecution will proceed with all the gravity in the world.

As a result of a terrific hail storm which recently swept a section of Colorado, many wild ducks, unable to battle against the high wind and the hail, broke their wings, causing them to fall helpless to the earth. In the vicinity of Crestone fully one hundred plump ducks were obtained.

MENACE OF ZONING PLAN IS GREAT SAYS WRITER

Proposed Ordinance Of Big Importance To City's Growth Declares R. S. Person

Editor The Evening News:—A matter of vital importance to the future growth of Glendale is being overlooked as an issue in the present campaign. Of vastly greater importance than "blue laws," swimming pools, or even economy of administration, is the proposed zoning ordinance. Under the new city charter it will be difficult to amend it.

All of the members of the present Board of City Trustees are candidates for re-election and the electorate should give consideration to their attitude on this subject of such vital importance to the city. Inquiry of other candidates should be made on the same subject.

Editor The Evening News:—A matter of vital importance to the future growth of Glendale is being overlooked as an issue in the present campaign. Of vastly greater importance than "blue laws," swimming pools, or even economy of administration, is the proposed zoning ordinance. Under the new city charter it will be difficult to amend it.

February 3, 1921, the "conference" was held and there were protests from the "lobby" when the zoning plan was disclosed. Mrs. Bartlett and Hartley Shaw (city attorney) defended the proposition as submitted by the committee; Mr. Robinson advocated "going slow" with it. Mr. Lapham likewise indicated dissent.

February 19, Mrs. Ella W. Richardson protested against the proposed zoning plan as it affected North Brand boulevard.

March 31, Chas. B. Guthrie inquired about the proposed ordinance and was informed that it was in the hands of the city attorney for "preparation in accordance with the recommendations of the zoning committee."

Public Hearing Called
 May 19, Mrs. Bartlett moved that a public hearing on the proposed ordinance be held on June 2, Messrs. Robinson and Stephenson supporting, and Messrs. Lapham and Henry opposing Mrs. Bartlett's motion.

June 1, The Glendale Evening News published a notice of the hearing which contained this admonition:

This proposed ordinance is of vital importance to every property owner in this city. Those opposed or in favor of its adoption are invited to attend the meeting tomorrow night and state their views.

Let The Evening News of June 3 tell the story of this "hearing."

In Southern California

Commoner Coming Here
 William Jennings Bryan and his family are planning to come to southern California. During the summer his son and family will reside in Long Beach. And father and mother—well, they will follow the children.

Pasadena to Celebrate
 When Pasadena is 50 years old in 1924 it intends to celebrate with 50 big events, beginning with the Tournament of Roses and including all of the conventions that city can annex. Undoubtedly it will be a notable year for the Crown City.

Ark Destroyed by Fire
 "The Ark of the Living God" burned to the water's edge in Los Angeles harbor last night as the Rev. J. E. Lewis, whose tireless labor has caused much grief for the officials, stood by and said: "It must have been the wrath of God. But I'm not discouraged. I'm negotiating with the shipping board for a vessel to take God's chosen to Africa."

Social Satellite Flickers
 Another social satellite has disappeared. Benjamin Seovell, who posed as a former army colonel, now is being sued for a divorce by the wife he wooed and won while cutting a large swath with the 400. An American Legion investigation caused him to leave Los Angeles.

Lindley Plans Social Center
 Architect Arthur G. Lindley, a resident of Glendale, has just completed plans for a Church of All Nations to be erected in Los Angeles' foreign quarter by the Methodist Centenary movement. It will be a recreational center, school and church combined.

Daredevil Derkum Near Death
 Paul J. C. Derkum, noted motorcycle speed king of ten years ago, is lying near death in a Kern county hospital as the result of a motorcar crash near Bakersfield. That is the way with all daredevils. They always meet their fate in some trivial or avoidable accident while they ride to fame in death-defying stunts.

J. F. Tatlow Tells Of Dr. F. L. Riley's Talk

Editor The Evening News: Dr. Frank L. Riley of Hollywood, lecturer at Krotona Institute of Theosophy, delivered his announced lecture at Masonic hall, Glendale, Sunday on the subject, "Was Jesus a Metaphysician?"

The doctor asserted that Phineas Quimby founded the philosophy of metaphysics in 1856; that there are two distinct departments of metaphysics—the book or dry phrase and the practical, which makes for the evolution of mankind.

It was a remarkable coincidence that immediately upon the "passing" of Phineas Quimby, that the first edition of "Science and Health With Key to the Scriptures," by Mrs. Baker Eddy, containing in essence the ideas of Mr. Quimby, came out. Mrs. Eddy, in the earlier editions, gave Mr. Quimby credit for much that she incorporated in her work, but it has been eliminated in the later editions and the earlier editions are eagerly sought for by the leaders of the philosophy.

A perfect understanding of the truth and the observance of the same will not alone cure disease, eliminate accidents, but will prevent all sickness and disease. Unfortunately, as "ye are none perfect, no one not," it is our privilege as well as our duty to strive for perfection.

Many biblical quotations were given demonstrating the metaphysical powers of Jesus.

The only incident in the life of the Master used as an argument by materialists is that of the case of the blind man upon whom Jesus used clay moistened with his spittle, but students of the usages, customs and sayings of the period of Jesus, rather than "parrots" of the Bible, conclusively demonstrate that the Jewish practice of spitting upon an object was indicative of their contempt. Jesus washes off the clay and spittle with the "water of life" a purely symbolical interpretation of a metaphysical healing.

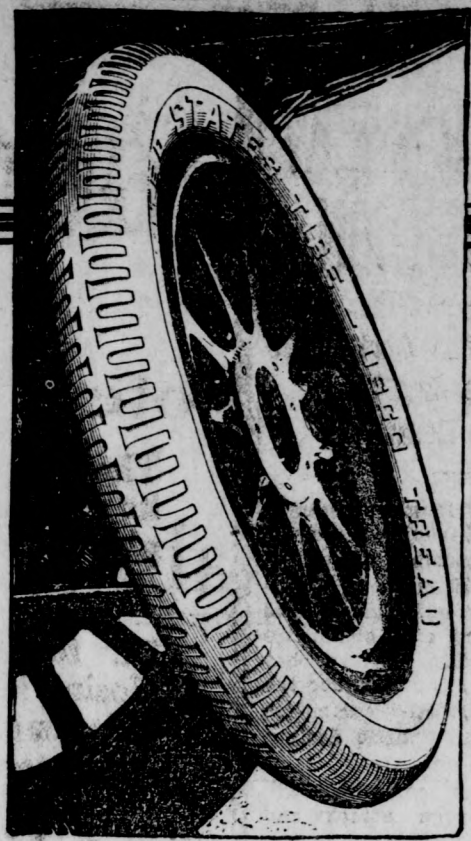

Christians practiced the art of healing as late as 350 A. D., when during a reign of social functioning the spiritual gave way to frivolous pleasures and the art of healing was for a long period eliminated.

Tolstoi made the mistake of asserting that women are inferior to men, and used as an illustration, that woman never founded a religion. As a matter of fact it was woman that founded spiritualism, Christian Science and Theosophy, during which period metaphysical healing has been growing in favor by leaps and bounds.

While ninety-nine cases out of every hundred can be cured metaphysically, it is rank fanaticism bordering on religious mania to refuse material means in extreme emergencies.

He dwelt at some length showing the physiological connection and detrimental effect of fear upon physical and mental development, emphasizing that fear is the most deadly sin of all sins.

Subject of lecture next Sunday morning at 11 o'clock, "The Wise Man Rules His Stars."

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

"Fresh, live U. S. Tires come direct to the dealer from his neighboring Factory Branch."

Which one of your neighbors gets the best mileage out of his tires?

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a *quality standard tire*.

It all comes to *this*—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter *what* weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is *concentrating* on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight *quality tire facts*—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are *fresh, live tires*. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of *quality first* every time

Mrs. A. B. McIrvin Is Child Party Hostess

One of the gayest afternoon parties of the season took place yesterday afternoon at the home of Mr. and Mrs. A. B. McIrvin of 702 East Orange Grove avenue, when Mrs. McIrvin entertained a score of little boys and girl friends of her son, Malcolm. The occasion was Malcolm's seventh birthday and his many schoolmates from the Colorado boulevard school honored him with numerous useful gifts and toys.

The home was prettily decorated in pink and white, this color scheme being carried out both in flowers and ornamental crepe paper. Even the refreshments, which were served late in the afternoon, were daintily arranged in this same artistic combination, and consisted of candy, cake and ice cream.

The happy tots spent the afternoon in various indoor and outdoor games, dances and similar amusements. A short program, consisting of songs, recitations and dances, was cleverly presented by a number of the talented young guests.

Mrs. McIrvin was ably assisted during the afternoon by her mother, Mrs. Carrie Beasley, Mrs. Ollie Merrill, Mrs. E. Rohr, Mrs. U. Shovalter and Mrs. Fred Fishel.

Those who assisted Malcolm in fittingly celebrating his anniversary were Mildred Thompson, Eleanor Thompson, Gerald Weger, Eugene Gibbs, Laverne Gurnee, Jack Calvin, Helen Hock, Virginia Roeder, Hermina Sierkes, Irene Clouse, Ruth Coker, Harry Kress, Wanda Fife, Anita Weinstein, Florence Weinstein, Frae Rohr and Edwin Fishel.

M. D. McRae Receives Honors From Y.M.C.A.

The report has been received from Springfield, Mass., to the effect that W. D. McRae, former Glendale man, has recently been given an honorary degree of Master of Humanities by the Y. M. C. A. training school of that city. This degree, which has only been bestowed upon one other person in the United States, was conferred upon Mr. McRae in recognition of his excellent organization work performed in California and New Jersey. It is an honor of which Mr. McRae may feel justly proud.

When living in this city Mr. McRae was one of Glendale's well known and most popular citizens, and his leaving the community has been deeply regretted by his many friends here. For the last ten months he has been busily engaged throughout the east in his work with the Young Men's Christian association. During this time his wife and two small sons have been living in Auburn, New York, where the latter has been attending school.

Mr. McRae's work in the future will be confined to the state of New Hampshire, however, and he will move with his family to Concord before July 1. Horace, the eldest son, who has been staying with friends in Glendale during the past school year, leaves Thursday to join his parents at their new home.

Ralph Hutchinson To Work For Power Plant
 Ralph Hutchinson of 246 North Orange street left last week for Big Creek where he will be employed by a power company during the summer months. Mr. and Mrs. C. E. Hutchinson and son Paul and daughter Gertrude will leave Thursday for a two months' stay in Yosemite National park. They have rented their home here for the summer, while they will enjoy life in the open. Mrs. Hutchinson is president of the Tuesday Afternoon club.

Women aspiring for political office in Virginia must use one name, nothing as compared with the crime if a woman registers under the name of letting a boy grow to youth and of Mrs. John Smith, she must use that young manhood without learning to name in case she runs for any office, swim.

GREETERS WILL BE REGULAR RAINBOW AT CONVENTION

Colored Costumes Certain To
Appear Pleasing; More
Rooms In Demand

The different welcoming committees for the state Christian Endeavor convention will resemble a California wild-flower field in the variegated colors of their uniforms. The novel idea of having each committee appear in a distinctive uniform has been decided upon, and under the guidance of the decorative committee many beautiful and artistic designs have been worked out.

The entertainment committee will be garbed in orange smocks and hats; the reception committee in lavender trimmed with black; the registration committee entirely in white, while the pages and guides will wear white skirts and middie, and Nile green ties.

The chairmen of the committees will appear in white felt hats decorated with purple hat bands and with gilt letters designating the official position and committee. All other committeemen will appear in white duck hats.

Hot weinies, ice-cream, soda-pop, pies and sandwiches, which are to be sold by members of the commissary committee, will all aid in increasing the enjoyment and comfort of the delegates.

More Rooms Are Needed

As a result of the drive made by The Evening News for housing accommodations the C. E. headquarters announce that over 700 additional rooms have been secured. However, the number is still far short of that required and anyone having sleeping facilities and who has not yet offered the same for use of the city guests should lose no time in calling up headquarters.

'Girl Of My Heart' With Shirley Mason Palace Grand Today

"Abandon Hope, All Ye Who Enter Here!"

This warning, scribbled on cardboard and tacked on the gateway of an orphanage by one of the little inmates, starts the action in "Girl of My Heart," which William Fox is to present at the Palace Grand Theatre with Shirley Mason as the star.

"Girl of My Heart," adapted from Frances Marion Mitchell's novel, "Joan of Rainbow Springs," tells the story of Joan, a little waif, who was ousted by the trustees of the orphanage for writing the foregoing sign, and sent to the guardianship of an old woman—whose constant abuse caused her to run away. How she accidentally met a young southerner, whom she prevented from taking his own life because of ill health; her subsequent experiences as this man's adopted sister and with his old maid aunt; and her development from adopted sister into sweetheart—all this and more is told in what is described as an exceedingly dramatic story. Indian life figures largely in the tale.

In addition Bray Pictographs and a Mack Sennett comedy, "A Fireside Brewster," which bubbles with mirth, will be seen on this splendid bill. Tomorrow "Hearts of Youth" is the feature.

Statement To Voters From Townsend Clark

Townsend Clark, candidate for city clerk, requests The Evening News to publish the following:

To the Fellow Citizens of the City of Glendale: As I am one of the candidates for the position of city clerk at the coming election Tuesday, June 28, I wish to make the following announcement through the columns of The Evening News:

I have been a resident and property holder for several years in your city, but owing to being connected with business firms out of town, have not had the pleasure of meeting many of the voters, but trust you will all turn out and cast a vote for your choice on the ticket. Any votes that may come my way will be appreciated and should I be the fortunate candidate to be elected, will try to fill the duties of office to the satisfaction of all. I feel fully qualified to fill the position, owing to my many years of office training.

TOWNSEND CLARK,

Edison Company Men Attend Ceremonies

A. P. Findlay of 505 East Harvard street and R. H. Brown of 612 South Pacific avenue, both employees of the Edison company, motored to Redlands recently to attend the Masonic lodge and witness the administration of the third degree to a number of the employees of the Edison company of that city. A delegation of about sixty Edison employees attended the ceremony.

GOOD GOVERNMENT LEAGUE

AN EXPOSITION:

That all may understand the significance of the Good Government League—the reasons for its existence and the work it is intended to accomplish, the following exposition will be given:

REASONS FOR EXISTENCE

The founders of the league, knowing of the nation-wide effort being made toward Sunday closing legislation, with the acknowledged and avowed intention of depriving American citizens of their inherent rights under the Constitution, insofar as to prevent them from the enjoyment on Sundays of amusements, recreation and business entirely legitimate on other days of the week, and having evidence that this retrograde movement meets with sympathy in our midst, and firmly believing such a movement to be misguided and mischievous, and believing that every effort should be made toward its discouragement, this group of citizens organized the Good Government League.

NOT ANTI-RELIGIOUS

The League is in no sense anti-religious. It counts among its members those of many faiths and creeds—with exception of the Puritanical.

The League recognizes the churches as being centers for moral and spiritual uplift, but it is against them being used as centers for the inception and spread of political propaganda aside from strictly moral issues.

OPPOSE REACTIONARY EFFORTS

That a protective organization is needed at this time is the belief of many of our citizens who recognize the present high moral standard of our city and who sternly discountenance and oppose the slightest apparent effort to encroach upon our personal liberties through the possible enactment of certain restrictive or Sunday closing ordinances such as already exist in other communities where the reactionary efforts of the professional "reformers" have proved successful.

That Sunday closing ordinances can be the more easily obtained through a sympathetic city council is more than evident and hence the effort upon the part of the League to elect candidates who will not jeopardize the rights and happiness of our citizens by sympathizing with those of fanatical ideas who would seek to return us to the days of intolerance and oppression.

FOR A SANE CITY

The League stands for and will work for a clean city, morally and physically, but also a sane city—a city where each and every citizen may follow out his legitimate individual wishes, unmolested, seven days out of the week.

CONTROL IS SOUGHT

The coming municipal election is believed by the members of the League to indicate, upon the part of a certain faction, a preparation for an attempt toward restrictive Sunday legislation. It is apparent to them that the control of the new city council, for this purpose, by this faction, is sought, and in all candor the League wishes it understood that it will make its fight on this assumption. In doing so, it believes it will secure the adherence of those who think for themselves, who love and appreciate the happiness and justice of our California freedom from unnecessary restraint.

The candidates recommended by the Good Government League received its endorsement from their acknowledged stand as to Sunday legislation, and for their apparent or proven ability to wisely, energetically and economically direct the affairs of our city.

Give a Solid Vote Tuesday, June 28th, For the League's Candidates

Mr. and Mrs. W. Sawyer In Travelers' Outing

Mr. and Mrs. Will Sawyer of 630 North Kenwood street were among the 700 men and women who took part in the annual outing of the United Commercial Travelers at Catalina over the past week-end. A large boat was especially chartered for the occasion and was used exclusively by the members and friends of the organization. The excursion began at 8 o'clock Saturday morning when the gay crowd met at Los Angeles and boarded electric trains for the harbor.

The event was the annual affair for the entertainment of all new members who have been taken in during the past year, and was thoroughly enjoyed by all present. While on the "magic isle" the merry-makers enjoyed themselves by dancing, musical programs, bathing, sight-seeing tours, and various other forms of amusement.

Mr. Sawyer, who is an employee of Jevne's in Los Angeles, was one of the new members and incidentally one of the guests of honor.

Girls who plan on entering the fashionable Wellesley college preparatory school, Dana Hall, must pledge themselves to wear evening gowns with long sleeves and dresses reaching to the ankles, according to new rules recently issued.

Mr. and Mrs. F. Fishel Are Home From Trip

Mr. and Mrs. Fred Fishel, former well-known residents and business owners of Glendale, have recently returned from a three months' pleasure trip throughout several eastern states, having left Los Angeles about March 1. The tour across the country was made via automobile, but due to the extreme eastern heat during this season of the year the return trip was made on the train.

During their vacation Mr. and Mrs. Fishel visited friends in Missouri, Illinois and New York, as well as taking in all places of interest en route. They report warm weather and poor business in the east and express their pleasure to get back to southern California.

Mr. and Mrs. Fishel have not yet located themselves permanently but will probably purchase a home in the near future.

MERELY A MATTER OF CHOICE

"Bobby," said the teacher sternly, "do you know that you have broken the eighth commandment by stealing James' apple."

"Well," explained Bobby, "I thought I might just as well break the eighth and have the apple as to break the tenth and only covet it."

In their first vote Belgian women outnumbered the men by 700,000.

Hart Realty Company Reports Various Sales

For the second time within a month—in fact, before the property was out of escrow—the home at 221 North Louise street has changed owners through the efforts of the Hart Realty company of 120 North Brand boulevard. This concern reports other sales in June as follows: Double bungalow at 139-144 South Pacific avenue, the second time it has been sold this spring by the same firm; a five-room bungalow at 117 South Jackson street; a lot on East Broadway and another on West Broadway; bungalows on East California and Stanley avenues, or a total of \$33,025 business which indicates that there is no let-up in prosperity here, according to Mr. Hart.

THE GREATEST CONSUMER

New York is the world's greatest consumer as a city. It has constantly to be supplied with all kinds of raw materials, as well as fed. In a recent twenty-four hours enough crude oil was shipped into New York to make nearly 20,000,000 gallons of gasoline, or enough to run an automobile more than 100,000,000 miles. As the planet Mars is a little more than 141,000,000 miles distant, it is figured a careful driver might get that far on that much gas and the scarcity of traffic cops. Then he could coast all the way back.

Boxing Bouts To Be Staged Friday Night

An open meeting and boxing match will be held Friday night by the Glendale Post of the American Legion No. 127. Several fistic champions from Ross balloon field at Arcadia will be present through the courtesy of their athletic director, Captain Watts. In addition, R. M. Yates and Oscar Jungbluth of the U. S. destroyer Wood, now located at San Diego, will be present as the guests of Dr. G. Kaemmerling. These young warriors of Uncle Sam have issued defiance to the local prides of the San Fernando valley, whom they will meet Friday.

Kindness To Tramp Brings Woman Reward

CHICAGO—Mrs. Joseph Peddicord of North Chicago is \$1500 richer today for a kindness done a "millionaire tramp" eleven years ago. George Foster Paddock, at that time penniless, came to Mrs. Peddicord's back door and she gave him three fingers of whiskey, one breakfast and fifty cents to travel to Milwaukee. Paddock, who died very wealthy at Watertown, N. Y., remembered Mrs. Peddicord in his will.
